

The PagoPA system allows citizens and businesses to make a payment from a debit/credit card to Italian public administrations and public utility managers electronically.

Once the transaction has been closed, the user will be taken back to the website of the institution where the payment outcome will be displayed.

Subsequently, the system will send the user an e-mail confirming the payment.

How to make a payment through PAGO?

1. Once you get into the PAGO platform: choose your language and click on “pay here”.

The screenshot shows the top navigation bar of the 'Autorità di Sistema Portuale del Mar Tirreno Settentrionale' website. The bar is blue and contains the organization's logo, name, and navigation links: 'SERVICES PUBLIC', 'SERVICES PRIVATE', and 'LOGIN REGISTER'. A language dropdown menu is set to 'Anglais'. Below the navigation bar, the main content area features a section titled 'Payments Online Free Available'. Under this section, there are two items: 'Pag free trial' and 'ESPO - complete package'. The 'ESPO - complete package' item includes a sub-link: '- Pay Here the complete package from Euro 550.00'. A 'Back' button is located at the bottom left of the content area. Two callout boxes with arrows point to specific elements: one points to the 'Anglais' dropdown menu with the text 'Choose your language', and another points to the '- Pay Here the complete package from Euro 550.00' link with the text 'Click on « pay here »'.
